Anik '75

As the 1974-75 academic year comes to a close, the staff and students of St. Mary's must bid a sad farewell to Sister Caroline Altpeter, a lady who has given of herself, perhaps more than any other, to the growth and spirit of our school.

Not only will her absence be felt at St. Mary's; she will be missed in the Catholic community of Hamilton as well. Sr. Caroline has, for twelve years, actively participated in the city's Catholic secondary educational system, first as a teacher and principal at Loretto Academy, and for the past five years as assistant principal at St. Mary's. She has worked on behalf of numerous organizations, including the religious education committee, the professional development of teachers, the Catholic Children's Aid, and the Catholic Social Services.

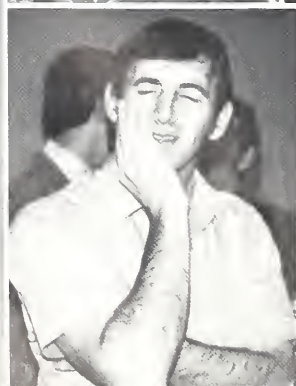

In addition to these commitments, Sister Caroline found time to obtain her M. A. degree in English at summer school, in order to benefit her students. She is also an accomplished musician. Because of her wide range of talents and her warm personality, she is able to become personally involved wherever she goes.

It is with boundless gratitude and great affection that the students of St. Mary's dedicate this year's edition of ANIK to Sister Caroline.

You cannot teach a man anything;
You can only help him to find it
within himself.

FACULTY

FACULTY

This is the fifth copy of our Yearbook. Anik means friendship. In the five years that our school has developed, we have grown together in friendship. This growth has been threefold - religious, academic and social.

Saint Mary's is a Catholic School and as such the grace of God has developed within us through the various liturgical services and the strengthening of our religion courses. Our academic courses are expanding under the direction of the Ministry of Education of Ontario and the Hamilton Wentworth Separate School Board and the Board of Governors of the Catholic High Schools of Hamilton. The social dimension of the school has developed mainly through the various student and staff activities.

This development of the school spirit of Saint Mary's is due not to any one individual or group of individuals. However, much of the growth and development at this school has been due to the leadership of Sister Caroline. To her we all say thanks for her leadership and her example. She is the fulfillment of our motto "Live, Love, Learn".

I would like to add a personal word of thanks for the privilege of having worked with Sister Caroline. I am sure that all will join me in the prayer that God may always bless her.

Rev. J. Fergus Duffy,
Principal,
June 1975.

In Appreciation

The busiest room at St. Mary's is not a classroom. It is an office where the mechanics of administration are constantly in motion: where the incessant ringing of telephones, the continual broadcasting of announcements and the surmounting of a thousand and one crises are all part of a day's work.

But this office is much more than the centre of administration; it is in actuality, the centre of school life at St. Mary's. This is due to the terrific personalities of the two wonderful ladies who work there, Mrs. Neil and Mrs. Solomon. Their sincere interest and concern for both students and faculty, make it a place where people like to be. In five short years, it has become student council headquarters, the lost and found, the dispensary and even the baggage room, all because of the presence of these two affable ladies.

There is another office at St. Mary's where the wheels of administration are also in motion, yet somehow it is a place few enjoy visiting and even fewer do so by their own choice. Yet the role of the Attendance Office is vital in the running of a school and it is only through the hard work and efficiency of Mrs. Guzar that the job gets done.

The staff and students would like to take this opportunity to thank our wonderful secretaries. Through their dedication and hard work they have given something very special to education at Saint Mary's.

GRADUATES

I am not afraid of tomorrow
for I have seen yesterday
and I love today.

Voltaire

GRADUATES

Dear Fathers, Reverend Sisters, Parents, Teachers and Friends,

This is a grand moment for all of us, because we are really the first graduating class of

What does it mean being a student here? It has meant a feeling of great comradeship, not only with fellow students but with our teachers. It has meant too, a feeling of pride in belonging, as it were, to a family, where we have shared another's joys and sorrows; learned to improve our minds and, above all, learned the importance of the love of God and of our fellowmen. And isn't that what Catholic education is all about? This education has been made possible by the love and sacrifices of our parents to whom we owe a great deal. Words are inadequate to express the feelings we have for them and to let them know how grateful we are for all they have done for us. So, we appreciate the wonderful preparation shown us by our beloved Principals, Fathers and Mothers. In particular, our Principal, Sister Caroline, whose door is always open to us for help and guidance.

As we enter the beginning of a new era in our lives, it is not without a feeling of trepidation at what lies ahead, but yet with a certain confidence that we have been both spiritually and mentally prepared to face whatever the world has to offer. Hopefully, we shall always remember and live by the principles and the ideals which have been instilled in us during our formative years.

With graduation comes a new phase in our lives. First of all, facing up to our careers and living our Christian vocations in the adult world. Perhaps the experiences we have had at St. Mary's as we move into new ways of life, would be continued attempts to live the values and principles our Catholic High Schools have had to endure for many years. At least it is our hope that people coming after us and yes, even our own children can enjoy a good, strong, Catholic education as it has been our privilege.

Finally, I wish to thank my fellow graduates for giving me the honour of addressing you this evening, and the friendships I have made during my years at St. Mary's will be treasured always.

THANK YOU

Steve Banoll

If -

If you can keep your head when all about you
Are losing theirs and blaming it on you;
If you can trust yourself when all men doubt you,
But make allowance for their doubting too;
If you can wait and not be tired by waiting,
Or, being lied about, don't deal in lies,
Or, being hated, don't give way to hating,
And yet don't look too good, nor talk too wise;

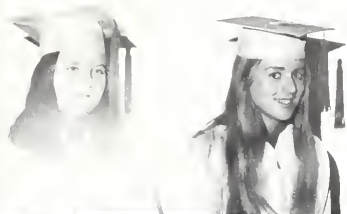

If you can dream - and not make dreams your master;
If you can think - and not make thoughts your aim;
If you can meet with triumph and disaster
And treat those two impostors just the same;
If you can bear to hear the truth you've spoken
Twisted by knaves to make a trap for fools,
Or watch the things you gave your life to broken,
And stoop and build 'em up with wornout tools;

If you can make one heap of all your winnings
And risk it on one turn of pitch-and-toss,
And lose, and start again at your beginnings
And never breathe a word about your loss;
If you can force your heart and nerve and sinew
To serve your turn long after they are gone,
And so hold on when there is nothing in you
Except the Will which says to them: "Hold on";

If you can talk with crowds and keep your virtue,
Or walk with kings - nor lose the common touch;
If neither foes nor loving friends can hurt you;
If all men count with you, but none too much;
If you can fill the unforgiving minute
With sixty seconds' worth of distance run -
Yours is the Earth and everything that's in it,
And - which is more - you'll be a Man, my son!

UNDERGRADS

The first step which one makes in the world
is one on which depends the rest of our days

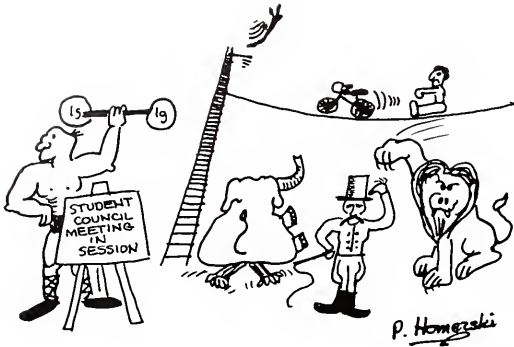

Voltaire

UNDERGRADS

You know you go to

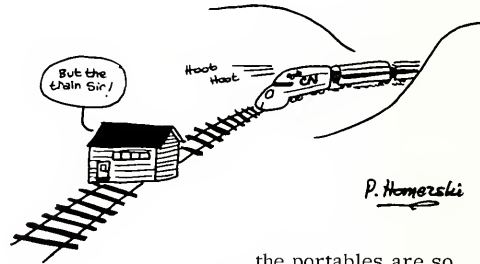

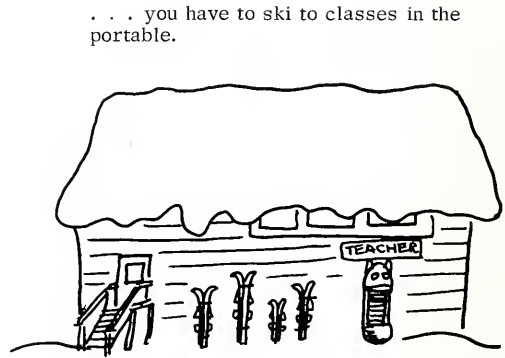

... student council meetings look more like 3-ring circuses.

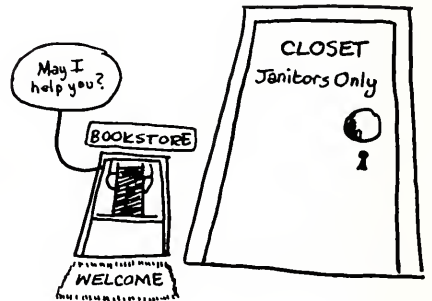

... teachers require an extra course in voice projection to be heard above the radiators.

... the rats you've dissected in Biology class have to be reassembled to be used next year.

... the portables are so close to the railway that your teacher gets off track and of coarse it all ties in.

... the bookstore makes the closets look big.

P. Homerski

St. Mary's when . . .

Your principle tries to tell you that your school is five years old but the corner stone says 1920.

Brian Torney

. . . the fountains go down when you flush the toilets.

P. Homerski

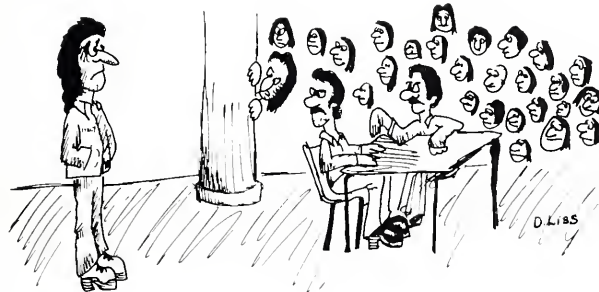

P. Homerski

. . . the teachers seem to think that a good learning atmosphere is 10 degrees below zero.

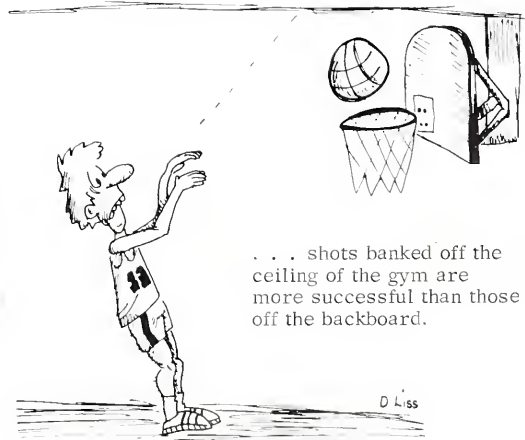

D. Liss

. . . getting to class becomes a five mile hike.

D. Liss

. . . you call Tony in the caf and realize that 20 people have looked your way.

D. Liss

. . . shots banked off the ceiling of the gym are more successful than those off the backboard.

The setting sun slipped slowly below the horizon, its golden rays glimmering on the rippling water. Caught on the wind's lazy tide, a lone seagull glided far above into the amber sky. The soothing, idle waves gently lapped against my feet, as I stood, transfixed, watching the beautiful spectacle. My heart ached at the sight of the carefree bird, flaunting his silver wings, invading the pope's zone. He danced and dived, striving to reach the heavens. Too soon, though, this lone bird was enveloped into the clouds, only the darker silhouettes of the rocks remaining.

The first year of an interscholastic league was met with enthusiasm by the girls of St. Mary's. To insure top performance and excellence on the playing field, rigorous and exhausting practices were held daily. The execution of brilliant running plays, combined with superb passing and intricate maneuvers enabled the team to amass 68 points for the season. The hardhitting, block-busting defense, led on by Fearless Faguy, held the opposition to a mere 27 points for the entire year. The team suffered many injuries: bloodied noses, torn fingernails and bruised shins. However, the girls, bearing pain stoically, hustled off the field to be treated by "Doc" Hannah, to whom they owe many thanks. Coaches Sardo and O'Sullivan are to be commended for their inspiration and dedication: their brilliant game plans unfailingly outwitted the opposition and led the team to victory.

This year the Crusaders played for the first time in the Grade 13 league and soon learned that the competition was unlike anything they had ever met before. Although starting out well with a 27-7 victory over the Cathedral Gaels, success was short lived. Of the next five games played, they lost four: once to both B.R. and Cathedral and twice to Laurier. Their win of 13-7 over H.C.I. carried them to the playoffs, however meeting the Gaels for the third time they were defeated 29-6.

The football coaches would like to thank the members of the junior football team on their fine effort during the past football season. Although some members of the team were inexperienced they showed a great deal of improvement throughout the season. The team participated in a number of exciting games in which the outcome was only decided in the final minutes of play.

The girls' senior team played a large part in the success of the basketball season this year. Their most notable victory was a hard fought game against Bishop Ryan in which B. R. 's two season unbeaten streak was ended. The team finished second in their division amassing a total of eight points. Of the regular season games they lost only two: one to Bishop Ryan and one to H. C. I. The team reached the semi-finals and were defeated by H. C. I. In the last few seconds of play they had been beaten out of a final playoff berth by a single point. Nonetheless the girls were pleased with their season's performance and are looking forward to another successful season and perhaps a championship team next year.

... a very good year

GIRLS' JUNIOR

This year's girls' junior basketball team placed third in their division, a marked improvement over last year's standings. Although unsuccessful in making the playoffs, they succeeded in winning four of their season games: one against Bishop Ryan, two against Saint Jean de Brebeuf, and one against Westdale. Coaches Fraser and Panabaker are to be thanked for their efforts and inspiration.

Compliments of ST. MARY'S STUDENT COUNCIL

The Junior Basketball team entered the 1974-75 basketball season confident and prepared to improve on their past season's performance of only one win. They not only met their expectations but proved to be the most successful basketball team in the history of the school. Winning fourteen out of eighteen games, they scored over a thousand points and averaged seventy-two points a game during the regular season. The team was essentially made up of rookies; players who were determined to learn and train hard. They played like veterans; winning key games by running the opposing team off the court with their pressing style of play. Although they lost in a disappointing struggle against Delta in the semi-finals, they never once let the school down. When the end came, they went like true sportsmen. Assured that they had done their best. Some of them will be back next year, this time to win the championship.

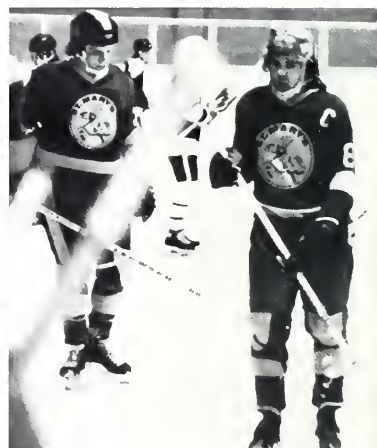

The midgets was another team to prove its ability in the 74-75 season. Through hard work and determination they hustled their way to a second place playoff spot in the west division but were defeated in the quarter-finals. They are to be congratulated on a highly successful season.

Although playing for the first time in the Grade 13 League, a tougher and more demanding division, our Crusaders had a most successful season, making the playoffs for the first time. Injuries hurt the team in the early part of the year with Mike de Nobriga and Don Theroux missing several games. Our best performance, perhaps all year, came against Laurier in the second game of the year in a 2-2 tie. In the stretch the Crusades finished very strong with 2 wins, 2 ties and 1 loss. However in the first game of the semi-finals against H. C. I. , the team lost disasterously 11-4, giving H. C. I. an insurmountable lead going into the second game of a two game total points. The team did manage to tie H. C. I. 3-3 in the second game but left them defeated, finishing the season.

The team will be rebuilding next year with younger players, as several veterans such as Peter Nolan, captain and most valuable player for the last three seasons, Ed Lundy, Larry Young, Larry Carver, and John Shea, Mike De-Nobriga are leaving. However we are looking forward to some bright lights next year with the return of our two fine goalies Ed Galinas and Tom Durney, Rick Donald, this years MVP, Ed Kopas, Don Theroux, and Andy Agro.

In 1974 the team played in the grade 12 league and had an outstanding year topping it off with the I. A. C. championship. In 1975 the team advanced to the grade 13 league and for its first year, the results were very encouraging. The team reached the semi-finals but was eliminated by Bishop Ryan in a very close game. Congratulations must be extended to the entire team and to its most valuable player, Rocco Simonelli.

VOLLEYBALL

The senior girls' volleyball team did unusually well this year. They were able to remain undefeated right up until the first game. After that they quickly lost their ground. Believe it or not they ended up in a very respectable last place. The girls would like to thank Sr. Maria and Miss Hickey for their time and effort.

The Girls' Junior Volleyball team had quite a successful season this year and were able to make it to the playoffs. A special thanks to Miss Ribson in all her coaching efforts.

Fourteen oarsmen put in many strenuous hours of practice in preparation for the city championships. There were crews entered in novice and experienced races and in all weight categories. The Canadian Championship held on June first and second saw four crews and a sculler, Mike Crustolo, entered from St. Mary's. Although the crews were unsuccessful, Mike placed second in his heat race and qualified for the finals. Special thanks to Coaches Ken Smith and Terry O'Sullivan for all their efforts.

This year's girls' intramural hockey teams met on Wednesday mornings at Coronation Arena. Getting up at six o'clock left the girls half asleep but nonetheless they played hard-hitting hockey. The girls were versatile in their play and rotated from centre to goalie to winger and finally to defense. Many of the players plan to pursue hockey as a career but unfortunately have as yet remained undiscovered.

The girls would like to extend their thanks to the organizers, coaches and referees of the league.

SKI CLUB

Skiing spirits rose as snow began to fall a few days before the ski club left for Ellicatville, New York. The snow was powder fresh and the air was cold at Holiday Valley, providing excellent skiing. However, on the third day it poured rain and a temperature of 50 F. left the group with little choice but to cut their trip short and head for home. All in all a good time was had and many are looking forward to a return trip.

TENNIS

This year's tennis team was the most successful ever, placing third overall in the H. I. A. C. tournament. The success can be attributed in large measure to the outstanding performances of Debbie Santucci and Tom Diritto. Winning the city championship in mixed doubles, they qualified for O. F. S. S. A. in Toronto where they reached the quarter-finals in the consolation round. The admirable performances of Angelo Grande and Charlie Chiarelli took them to the finals of the Catholic Invitational Tennis tournament. The team can look forward to even better success next year.

RIDING CLUB

This year's riding club was the largest ever. Classroom lectures were held on alternate weeks at the school and were supplemented with basic English riding skills. Most of the club's riding was done at Mount Hope in an indoor arena.

The coach, Miss J. Hickey, was assisted by the instructors, Louise Hickey, and Rosemary Hamon in conducting classes on Horsemanship and equitation.

This year's most valuable participant and most improved rider was Karen Meyer.

Special thanks to the horses; they were always there to give their support.

ACTIVITIES

STUDENT

THE EXECUTIVE

Success can not be bought. It is a quality, developed through hard work and perseverance. Here at St. Mary's we are successful as a school because of the combined efforts of the student body, the staff and the administration.

The purpose of high school education is two-fold: academic proficiency, and the nurturing of social and spiritual growth. Entrance into secondary school should not be looked upon as something that must be conquered as soon as possible. Rather, it should create a feeling of awareness of one's interests, abilities and most important of all, that there are others besides oneself. At St. Mary's it is the integration between students and teachers, that make it a family rather than merely a building housing students and staff.

The Student Council has tried hard to follow the motto of Live, Love and Learn, in its organization of social and spiritual activities. We hope we have been successful in kindling this spirit of togetherness in our students and sincerely believe that it will continue in the years ahead.

The executive, layout committee and photographers of the Anik staff were only a part of all those involved in putting this yearbook together. The support of the many coaches who supplied necessary information about their teams, the contributions of art work and literary by students, the aid of Miss Ribson's and Miss Stewart's typing classes in securing financial support, the numerous efforts of Sr. Maria, Sr. Mary and Mr. Warnick to catch the past year on film, the hours of time spent by Mr. Warnick developing negatives and making prints, and the generosity of the science department in allowing the use of their supply room to do so, were all a very critical and integral part in the production of this book. We express our deepest thanks to all of these people in their generous support of Anik '75. A very special thanks to Mr. Liam Morris, our faculty adviser; without him to discuss with, to argue with, but most of all to depend upon, Anik '75 would have never gotten off the ground.

INITIATION

September of '74 saw Saint Mary's first year students wandering across the grounds, a cluster of green garbage bags and hats. The cafeteria served as headquarters for the initiators where prospective members crowded the stage for the tables to place their bids. This year's costumes were of an unusual - and colorful - strong not only in design but also in

Wolfman Warnick and Oilly O'Sullivan.

As a money raising project for Anik '75 the yearbook staff organized a sock hop, billing the two famous D. J.s, Wolfman Warnick and Oilly O'Sullivan. In the spirit of the 50's a malt shop, ran by waitresses on roller skates, served refreshments at good old-fashioned prices. A special thanks to all those who contributed in making this evening an enjoyment and a success.

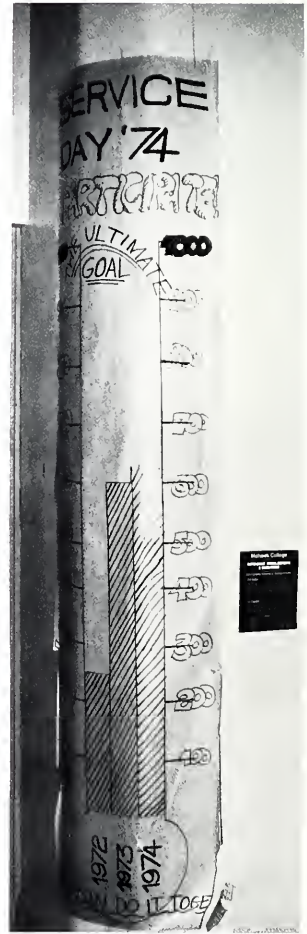

Special thanks to LUMSDEN BROS. LTD., SARDO BROS., SILVERWOOD'S DAIRY and the WESTDALE DAIRY QUEEN whose generous contributions helped to make the sock hop a success.

Community Service Day at St. Mary's High

On Wednesday, December 11, 1974, six hundred and fifty students from St. Mary's High School participated in the third annual Community

Service Day. The purpose behind the organization of this event is to provide the students with a sense of awareness of some of those

in our neighbourhoods who are less fortunate than ourselves, and also, to show the community that our students are willing to help others. Students were involved in all phases of community service, from visiting with the elderly to helping in nursery schools, from sorting material for the St. Vincent de Paul to working with the handicapped. In all, the day was a huge success. It was the climax of two months work by a committee of seventeen students and six teachers. Special thanks is extended by the organizing committee to all the staff advisors that aided the preparation and smooth running of the whole affair.

SPIRIT WEEK

Due to the loss of class hours and shortening of timetables in the first semester, it was necessary to postpone Spirit Week until February. The Talent Show, however, organized by Gail Harding and Margot Olivieri, proceeded as scheduled for the last week of December. Spirit Week, a Student Council project, featured Greaser Day, Movie Night, the Match Game, a student vs. teacher volleyball game and a skating party, and was enjoyed by all who participated.

CRUSADE '74

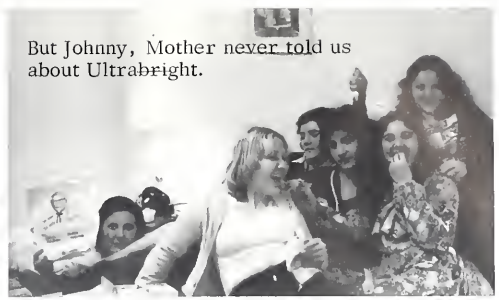

Crusade '74, the first of, hopefully, an annual event, was sponsored by the Hamilton High Unit of the Ontario English Catholic Teachers' Association. The teachers of our Catholic High Schools wanted to assist as a group in the continuing operation of our schools. For months they discussed many fund-raising projects and finally the idea of Crusade '74 arose. The money raised was to augment the Board of Governors present income which consisted of parish assessments and student fees but more important the walkathon was to elicit community awareness of separate schools and boost the spirit school students. Under the direction of Miss J. Trevale, Crusade '74 began to take shape; a route was mapped out and sponsor sheets printed. It was promoted not only in the parishes but also in the Spectator and on CHML's Open Line with Tom Cherrington. The results were encouraging. On Saturday, November 2, two thousand, two hundred enthusiastic walkers participated in the twenty mile hike with the result that \$41,500 were turned over to our Board of Governors to be put in a reserve fund. The tremendous success of the walkathon has resulted in a renewed interest and spirit in the separate schools, and already plans for Crusade '75 are on the drawing board.

OTTAWA

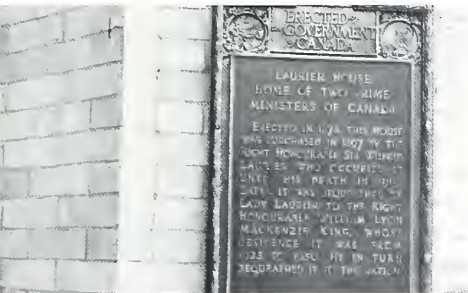

And the muscles on their brawny arms stood out like pigeons ankles.

But Johnny, Mother never told us about Ultrabright.

This year's Ottawa trip included students of years one, two, and three. Chaperoned by Sister Maria, Mrs. Panabaker, Mr. Fuciarrelli, and Mr. Villani, the students stayed at the Lord Elgin Hotel. Their three day excursion included a bus tour of Ottawa, a visit to the National Aeronautical Collection, tours of the Parliament Buildings, Royal Canadian Mint, National Arts Centre, Laurier House and War Museum. It was a trip long to be remembered.

Stripes, squares and misses.

I even brought my matched luggage.

Come on under the dome

Oh Goodie, another exciting tour!!!

This year's dramatic production, Hamlet, involved a great deal of time and effort by many students and teachers working both on the stage and behind the scenes. Months before the actual presentation on March 13 and 14, auditions had been completed and the cast finalized and under the direction of Mr. J. Sardo and Mr. A. LoPresti, rehearsals had become a daily ritual. With the designing of costumes by Mrs. Taylor and Marsha Dykman, materials were chosen and sewn up. Mr. Boyle's Industrial Arts Portable resounded with the bang of hammers and wine of drills as props and sets were constructed. Through the work of the Sing Committee, advertisement soon appeared; posters were scattered throughout the school and programs designed and printed. As opening night approached, dress rehearsals began. Sessions held by Mrs. Taylor and Miss Ostapchuk demonstrated proper make-up techniques. Sets and props were completed; lighting effects were designed and perfected. Little was left to do but give last minute instructions and a wish of good luck.

Opening night proved all efforts to be well worthwhile. Praised by Jim Clements of The Spectator as a production "with a level of acting that would shock some of the province's smaller professional theatres.", a Top Acting Award was merited by Xavier Wynn-Williams and an Adjudicator's Certificate was presented to both Bonnie McInnes and Louise Shea.

... "The Play's the Thing"

The Spectator

St. Mary's Hamlet: A Collage is a good example. It's an intricate and difficult play that requires an understanding of Shakespeare's original to fully appreciate.

It's author, Charles Marowitz, wrenched out one of Shakespeare's main themes and twisted it until it turned into a nightmarish condensation complete with time warps and grotesque character developments, as if Hamlet were thrashing through the tragedy of his life in a bad dream.

Properly performed it concentrates the audience's attention on Hamlet's indeci-

sion and gives the play a new perspective.

But even if you've never heard of Hamlet, the St. Mary's production of Marowitz's version would be impressive.

It was a full-scale production with the lighting flowing liquidly to match the prevailing mood, with special sound and light effects, with a large cast moving about the stage with choreographed precision and agility, with a level of acting that would shock some of the province's smaller professional theatres.

Xavier Wynn-Williams, as Hamlet, was on stage and raging in his madness for the full time of the play. And if, as the adjudicator pointed out, he was a little strident in the role, he still played the part with a compelling combination of talent and technique. He was matched by Bonnie McKinnis as Hamlet's mother, Queen Gertrude, Tim Houngan as the hollow-voiced ghost who goads Hamlet and Louise Shea as Ophelia.

And they were matched by most of the others in the cast.

"This was a most interesting staging of the play. The movement of the people was excellent," Miss Foster said in her public adjudication.

CASINO

St. Mary's Third Annual Casino Night & Action was sponsored by the graduates of 1975. Mr. Griffiths, Mr. Hyryak and Mike Silvestro initiated the venture and maintained systematic organization right up to the final cleanup. They were ably assisted by Johanna Hybens, Jay Johnston, Josie Misale, Mike Raso, John Siena, Cathy Sustar, and Marita Zaffiro.

Teachers and students managed and operated the numerous games and events that went to make up the night's activities. A new feature was the raffling of a ten speed bike, obtained through the generosity of Mr. L. Hudecki. Everyone who attended had an enjoyable evening at the most successful Casino Night ever held at St. Mary's.

Athletes of the Year

This year's Male Athlete of the Year Award went to Brian Turcotte, who as in the past gave outstanding performances in both football and track. In his years at Saint Mary's Brian has brought our school countless titles, trophies, and championships as well as provided leadership and displayed a sportsman-like attitude both on and off the field.

Karen Lewis merited the Female Athlete of the Year Award, proving herself worthy on innumerable occasions and in a wide range of Athletic Achievement.

This year alone Karen played badminton, basketball, football, hockey, and volleyball as well as ran track. Busy as she was, she found time to serve as Girls' Athletic President, co-ordinating and seeing to the needs of this year's teams. Her enthusiasm, time and effort was unmatched by any other as Karen set a fine example of leadership.

Both Karen and Brian are to be congratulated on their outstanding achievements.

My dear Students:

Catholic education is not limited to teaching alone; it includes teaching as a relatively necessary factor, but goes beyond its framework and complements its benefits. It cannot be restricted to enriching man's intelligence and memory. It must in addition regulate his conscience, temper his will, prepare him completely for life.

All this is being accomplished at St. Mary's High School in addition to transmitting a SET OF TRUTHS AND VALUES, all inter-related in such a way that the student can arrive at unity in his thinking process and his life.

It is to be hoped that your years at St. Mary's High School will allow you to take your place in society in the relatively near future equipped with the knowledge of life's true meaning and purpose.

Devotedly yours in Christ,

Bishop of Hamilton.

To The Students and Staff of St. Mary's High School:

Again I am privileged to send to you greetings and congratulations from the Board of Governors as you record the affairs of another year in your year-book Anik.

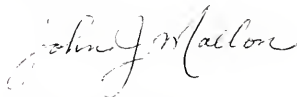

It is true that as a matter of personal pride all of us strive to better that which has gone before. There is a great sense of accomplishment in establishing standards of performance that others will admire and attempt to surpass.

The scholastic year 1974-75 has surely marked itself as one of the most fruitful in the history of your school. I have been aware of a growing religious zeal at St. Mary's. On this solid base you have distinguished yourself in the eyes of the Community at large as people who care about their fellow man. Your Service Days and Starvathons have made us all very proud.

May I also say that the teachers have done an outstanding job not only in the hours of coaching and teaching which have gone into the many great sporting and academic accomplishments at St. Mary's but in example as well. The active participation with the other faculties of our system in the Crusade '74 Walkathon is a performance which may never be surpassed. Such support both now and in the foreseeable future will be sought from all segments of the Catholic Community to sustain a full high school program in all our high schools.

To the class of '75, God bless you wherever you go. To the classes yet to come, good luck and best wishes.

Sincerely,

Mr. John J. Mallon,
Chairman.

June 13, 1975.

Greetings from the Board on the occasion of your 5th year as a Catholic High School. This will be the year in which the last of those students who enrolled in St. Mary's in September 1970, will be moving on to make new paths in the world of work or further studies. To you, the last of the pioneers, we wish God's speed and we sincerely hope you will always keep St. Mary's in mind.

This is also the year in which the vice-principal, Sister Caroline Altpeter, leaves for Toronto to undertake other duties assigned by her Superiors. I know how much, you the students, have appreciated her presence in school during those years. I would be remiss if I did not, at this time, also express the sincere appreciation of this Board for her dedicated service at St. Mary's. Parents, students and Boards in the Hamilton area have long been served well by the Sisters of Loretto. Sister Caroline has proven herself to be a fine representative of that Community. We wish her well and we sincerely hope that we will see her back again.

May I take this opportunity to congratulate you and your staff on another successful year. I hope that during this year you have seen a growth in your intellectual and spiritual lives. I hope that it has been a year when you have learned to further appreciate the Catholic education which is provided for you by the Catholic community in this area by the special efforts of the Board of Governors, the Separate School Board and the staffs and administration who work with both Boards. I hope you remember that the service which is being given you is becoming more and more difficult to provide and that the future continuance of this educational structure lies in your hands.

To the extent that you practice your faith, contribute to the community and grow as a full person from now on, shall we be able to measure the value of the experiences you had at St. Mary's.

Best wishes to you, your families and your staff. We look forward to seeing many of you again next year.

Yours truly,

PW:mt

Please accept my sincere congratulations on the completion of another successful academic year at St. Mary's High School.

It has been an eventful year. Your determined efforts in athletics might not have been as well rewarded as you would have expected, but, for those of us on the side lines, your effort and spirit accomplished all that a school athletic programme should.

You continue to be blessed with a staff which is at one with both students and parents. I know that this relationship has done much to make attending St. Mary's such a pleasant experience.

This was the year in which Father Duffy fell. They tell me that the resultant concussion was measured on the Richter Scale at McMaster University. You will notice, however, that he accepted it with his usual uncomfortable Irish resignation.

The Board and administration were as disappointed as you were to hear that Sister Caroline was leaving. We have worked with her for many years while she was principal at Loretto and vice-principal at St. Mary's. We have all grown to admire her calmness and efficiency. We also cherish the opportunity that we have had to associate with a truly religious woman, a worthy sister of the institute to which she belongs and representative of the best of its traditions. We regret that Toronto must again deprive us of what we consider to be rightfully ours but then again we have sent many missionaries to Toronto. This administration and Board is extremely grateful to Sister Caroline for the extraordinary service which she has given the Board, parents and the students. We sincerely hope that she will have the opportunity to serve in Hamilton again in the future. We wish her God's speed and while we will remember her in our prayers, we feel confident that she will never forget us in hers. As students, you have been fortunate to have had the opportunity to have known her.

May I take this final opportunity to again express the great confidence I have in St. Mary's as a Catholic school. I know that in the years ahead there is much to be done to continue improving its service to the Catholic community. I am certain, however, that this service will never be found wanting. Best wishes to all of you. May the Lord be with you.

Yours truly,

PJB:mt

To Mark

Just a few
 lines

Love Shelley.

The success of a yearbook lies not in the excellence of its photographs, its uniqueness of page design, nor in the quality of its literary works. All of these, are but techniques to be used in making the book a more effective and realistic reflection of the school spirit and in particular, the events of the past year. To recall each facet of school life with greater clarity, to depict the people involved on a more personable level, should be the ultimate goal of any yearbook; it is all of these people, working, playing and striving together, who make the school unique and give it a character and spirit all of its own.

It is this unique spirit that we have struggled to catch and reflect in Anik '75. And if you find, while perusing through the pages of this book, that the excellence of our photographs, the uniqueness of our page design and the quality of our literary work succeed in doing this; if they stir a forgotten memory or enlighten a cherished experience, if they bring perhaps a faint smile of reminiscence, a sudden burst of laughter or even a tear of regret, then all our efforts will have been worthwhile and Anik '75, truly a success.
